

Unitek College to Receive School of Excellence Award

The Sacramento Campus at Unitek will be presented with the 2019 – 2020 ACCSC School of Excellence Award.

Sacramento, California – August 18, 2020 – Unitek College is thrilled to announce that in September of 2020, they will be presented with the 2019 – 2020 ACCSC School of Excellence Award for their Sacramento campus. The primary mission of ACCSC is to ensure quality of education that enhances student success in the workforce.

A School of Excellence exemplifies this standard. The award recognizes ACCSC-accredited institutions for their efforts in demonstrating a high level of achievement among their students and a commitment to the accreditation process. As a School of Excellence, Unitek College will be formally recognized throughout the 2020 ACCSC Professional Development Conference.

“We are thrilled to celebrate our accomplishments at the Sacramento Campus,” said Janis Paulson, Chief Executive Officer at Unitek College. “It has been a year of growth and opportunity at Unitek, and we look forward to celebrating our success throughout ACCSC’s Professional Development Conference.”

The Accrediting Commission of Career Schools and Colleges ([ACCSC](#)) created the conference to spotlight outstanding institutions. At this virtual event, participants will have the chance to promote student excellence, strengthen support for workforce development, and help fill the skills gap in the United States. Join Unitek College and other school representatives for a celebration of educational achievements at the Professional Development Conference.

“At Unitek, we care greatly about promoting student excellence,” said Dr. Navneet Bhasin, Chief Operations Officer at Unitek College. “As an institution that provides various healthcare programs, we are committed to educating the next generation. We believe academia and inclusivity are absolutely vital when it comes to supporting the future of healthcare.”

Unitek College demonstrates a commitment to improve quality of education. They strive to support students, communities, and healthcare practices. Graduates of their programs are prepared to excel in many of the fastest-growing careers in healthcare and nursing. Taught by experienced professionals, Unitek programs teach the clinical technique and theory used in the field today.
